This school year has been a tough and challenging experience as I'm sad to know that soon the school year will all be over. I can assure you that it's been a blessing to see everyone's growth! We are all really excited about this upcoming activity in our "Walk for Tech" fundraiser which will be held to raise money for new projectors. We use projectors daily and are really hoping to raise enough money to help get new ones! Looking forward to another amazing month as we continue to learn and grow! Blessings to you all and Happy Easter!

Mrs. Archila
